WORK EXPERIENCE

Tier 2 – Developer-Au10tix

02/2022 - Present

- Worked on a team to develop and maintain web applications using React and Node.js.
- Utilized Git and GitHub for version control and collaboration.
- Implemented features and fixed bugs while adhering to Agile development methodologies.
- Guided customers & POC's in integrations to our system.
- Troubleshooting production, debugging performance-related issues.
- Testing and evaluating new upgrades for every version.

IT Technician

01/2016 - Present

- Provided technical support to customers with computer hardware, network, and software issues.
- Provided private lessons to people who want to learn about computers, software's and how to work around them in a friendly and appealing way.

CODING PROJECTS

Au10tix-Support-Monitors

- Created a web-based monitoring application that tracks all Au10tix services.
- Developed using Node.js and React.
- Utilized Redis as the database to store service states for the staging & production environment and regions.
- Monitors all services in deployed regions and alerts support members for potential production incidents, resulting in reduced downtime and improved efficiency and customer satisfaction.
- Built with high performance and scalability in mind, ensuring the system can adapt to changing needs.

SupportDesk-WebApp-MERN

- Frontend built with React Redux-Toolkit & Custom hooks.
- Backend built with Node.JS, Express, MongoDB.
- CRUD operation on data.
- Authentication with JWT + Middleware (protected routes).
- Designed a user-friendly ticketing system with responsive UI and real-time notifications.
- Link to the project [deployment](#).

SKILLS

Redis React Mongo Azure Node.JS

JavaScript CSS Python Docker

GitHub HTML Micro-Services

EDUCATION

B.sc Computer Science

The College of Management Academic Studies.

10/2019 – 2022

Courses

- Object-Oriented Programming (OOP)
- Data Structure
- Advanced Software Development (java)
- Algorithms
- Data Base (NoSQL, MongoDB)
- Application Development

Full Matriculation certificate

Ironi-Daled High School.

2011 - 2013

MILITARY SERVICE

Soldier in IDF unit Hatal (land technology division) Computerization Department.

- Worked in a team to solve system, network, hardware, and software issues for the unit around the clock.

07/2013 – 07/2016

LANGUAGES

Hebrew

Native or Bilingual Proficiency

English

Full Professional Proficiency
